CUTTING DIAGRAMS

Cut the Zip Strips off each piece of B&T (patterned) paper. Some of the papers have a directional pattern. Before you cut, check the circle color swatch to determine which direction the paper should go. The project pieces are labeled by layout number so you can sort them as you cut. For example, piece L1 will be used for Layout 1.

SPECIAL STAMPING NOTES

Stamp and cut out flowers and leaves for layering. Leave a thin border of white around each image

- Flower base in 2nd generation Smoothie (6)
- Flower overlay in 2nd generation Smoothie (6)
- Flower overlay in Pomegranate (2)
- Leaves in Fern (14)
- Stamp the smallest flower in Canary with Glacier Stems (2)

Accent Smoothie flower overlays by adding small stripes with the Waterbrush. To do this, swipe the brush on the Smoothie ink pad and then paint onto the flower.

Curl the edges of all flowers by pulling out from the center of each petal with your fingernail.
